Dear Bob,

The Board of Directors and staff of South Texas Public Broadcasting System, Inc. join me in thanking KIII -TV for participating in the 2000 Channel 16 TV Auction. Once again, our business and art community came together in support of public broadcasting and the people of South Texas are the winners! With your help, we met our net revenue goal of \$160,000 and we are very pleased.

Thank you very much for your donation to the auction. Our records indicate that your donation was valued at \$1,000. It is our **special** friends like KIII -TV that provide us the foundation for such a successful fundraising event. The role you play helps ensure that quality, educational programming is available for the people of South Texas.

Once again, we appreciate your support of public broadcasting and look forward to your being back "on board" for Auction 2001. Please accept our heartfelt thanks.

Very sincerely,

Dear Bob,

On behalf of the American Cancer Society, we want to thank you for your help in making this year's Cattle Barons such an overwhelming success. Through your effort and that of our generous underwriters, sponsors and guests, *Cattle Barons 2000 - True To Texas* will net over \$380,000, making this the best event in Cattle Barons history, and enabling us to exceed our goal of bringing the total amount raised by Cattle Barons to "Two Million In 2000".

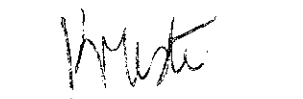

Through your generosity and kindness, the spirit of Cattle Barons will be working all year aiding the American Cancer Society in the battle against cancer. The funds you helped raise will enable the American Cancer Society to fund cutting-edge research, provide lifesaving education and information, and deliver person-to-person patient services to cancer patients and their families, throughout South Texas.

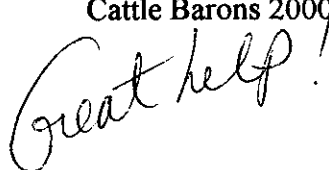

Again, we wish you a Texas-sized **THANK YOU**. We truly appreciate your help, and look forward to your continued support of the Cattle Barons tradition.

Dear Charles,

Please accept my personal thanks and that of the Volunteer Center for the golf balls and Frisbee you donated to our Sweetheart Gala silent auction.

We are very happy with the results of the Sweetheart Gala in general but we are so excited about the outcome of the silent auction. Our goal for the auction was \$5000. When the auction was over we had collected nearly \$7000!

The funds we raised through the silent auction mean a great deal in the operation of the Volunteer Center and the programs that we offer non-profit agencies. We appreciate Channel 3's generosity and your involvement in helping the Center to continue its mission.

Greetings!

On behalf of the Auxiliary to Driscoll Children's Hospital, we want to thank you for your generous support of our 1999 Christmas Card Project. Once again our friends in the community made the project a tremendous success.

The Auxiliary supports Driscoll's cost-effective, quality health care for the children and youth of South Texas. Through your purchase of these cards, critically ill and injured children treated at Driscoll will have their lives enriched. Proceeds from the sale are used to purchase state-of-the-art hospital equipment and fund support programs for families of our patients. Additionally, 10% is designated for the Marcia K. Wilcox Scholarship Fund to help current or former oncology patients attend college.

Once again we want to express our gratitude for your purchase. We look forward to working with you on our 2000 Christmas Card Project!

Dear Charlie:

On behalf of the City of Corpus Christi, I would like to thank you and KIII-TV3 for the contributions made for the 4th of July Celebration. Although the weather conditions were not ideal, the citizens who attended the events that took place on July 4th and July 5th enjoyed them.

I would also like to thank you for participating as a committee member. Your creative leadership and professionalism through the PSA's allowed the citizens and the surrounding areas to be informed of the July 4th events. It is always a pleasure working with you and the talented staff at KIII-TV3.

On July 22, 1999, the July 4th Big Bang Celebration Committee held its wrap up meeting. If you were unable to attend, an evaluation form is enclosed for your comments and ideas which are extremely important for the continued success of this city celebration.

Again, thank you and I look forward to next year's 4th of July Big Bang Celebration to be bigger and better for the millennium.

Dear Billy,

A Big Thank You for your help and support that made the 1999 Children's Miracle Network Telethon a huge success. We achieved a New Record for Driscoll Children's Hospital, \$963,125.

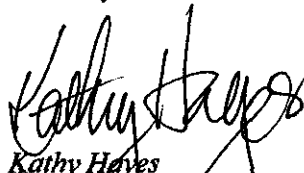

We wish to thank KIII-TV 3's employees who gave their precious time to answer the phones for the Telethon phone banks on June 5, 1999, Saturday (nite), from 12 midnite - 1 am.

It takes a real team effort to be able to achieve the success we have had since our first telethon, 15 years ago. We have raised over \$7,552,771 through the Children's Miracle Network Telethon for the children of South Texas. The employees of KIII-TV 3 played a major role in that achievement.

Without the hard work, dedication and selflessness of employees, presenters and volunteers, the telethon would not be possible. Thank you again for all your help and your support -- you make the miracles happen! We look forward to the Telethon in the year 2000.

Thank you again for your support.

Dear Mr. Brotherton,

I appreciate you talking to me about the news story that appeared on your 5 p.m. newscast on April 26, 1999. In this story about an indictment handed down on a former Navy Army employee, our major concern was that the two members' account numbers were put on the screen, violating the confidentiality we keep for our members.

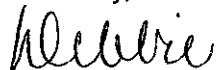

Teller theft is highly unusual in most institutions. We are bonded for any cases such as this, and no members/customers are liable for these fraudulent transactions. My boss, Wayne Vann, has been with Navy Army for over 10 years and says this is the only case like this since he has been here.

Our concern is that through the medium of television, our 31,000 members have been alerted of this isolated instance where an employee has attempted to embezzle money, (but was caught and is being prosecuted.) But even more importantly is the fact that those members of ours see other members' account numbers given to the public, and this is a highly sensitive issue of privacy.

Those two members will be issued new account numbers, for their own safety and security, since an account number is much like posting a social security number--that information can cause fraud in and of itself. So they will have new account numbers, but this is upsetting to our older members because their numbers represent when they became members of Navy Army, and now their number will reflect inaccurately that they are a relatively recent (ie: 1999) member.

I just wanted to explain so that you understand completely where our problems with this story come from. I did talk with Lily and I appreciate her assurance that she will make her staff sensitive to this issue and to safeguard account numbers in any future stories so that our members' private financial information is kept confidential. Thank you for your time.

Sincerely,

I want to thank everyone from Channel 3 who was involved in the production of the Family Counseling Service Oscarnite Gala which was held last night at the Corpus Christi Country Club. Without the support of Channel 3, this event would not have happened.

Charlie Lozano did an outstanding job of producing our PSA, our sponsor logos and generally coordinating all that was involved. Sally Narvaez helped us "get the word out" with her brief interviews. Lee Sausley set the tone of the entire evening with his wonderful hosting style. I am sure I am not mentioning everyone who was a part of this effort, but thanks so much for helping us to raise funds for our children/youth programs.

Dear Mr. McKinnon:

On behalf of the Board of Directors of Family Counseling Service I want to thank you for your generous support of the Oscarnite Gala. While we really missed working with Mark, we especially appreciate the support of Mr. Brotherton, Sr., Charlie Lozano, Sally Narvaez and Lee Sausley. Your willingness to commit to a sponsorship made it possible for us to go forward with the project.

You may be aware that our staff is available to present "brown bag seminars" or make other presentations in the community. Some of our seminars include:

- Stress Management
- Resolving Conflict Constructively
- Building Healthy Families
- Coping With Divorce
- Decision Making Skills
- Dealing With Crisis
- Surviving Vacations and Holidays

These presentations are available to you at no charge (one small way we can say thank you.) Please let me know if you would like to schedule something like this at any time.

We hope you all had a good time. If you have suggestions or comments on how we could provide an even better event, we would be happy to hear from you.

Mr Brotherton;

I understand your station is again going to air the Independence Day concert and fire works display on Corpus Christi Bay. Since this is a once in a year event that could be enjoyed by a large viewing audience, please hire a professional director. Last year your audio engineer kept the music and the endless yacking of your announcers at the same level. It was virtually impossible to understand them or to enjoy the music. If they had something important to say the director could have placed the music in the background and featured the yackers.

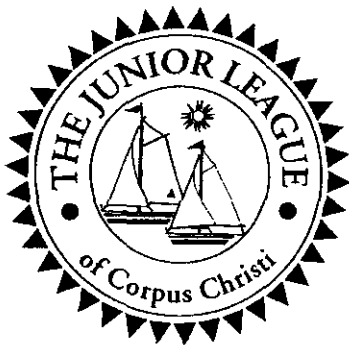

The camera work was equally as bad. If you don't have a zoom lens, please borrow or rent one, then explain how they work to your crew. Jumping from a long shot to an extreme close up is not comfortable to watch. A smooth zoom, not only sets the location but enhances the visual effects off the fireworks.

I am sorry to hear that your only professional on the air personality is leaving. The clown you hired as his replacement should feel right at home in your circus.

Sincerely,

J. E. Feller
